

RECOMMENDED TRAINING PATH FOR AAI TEAMS

PADA
mental tests

Visiting team
training

AAT/AAT
team training
for professionals

PADA mental test – standardized and scientifically confirmed protocol of mental tests. Confirms the dog's predisposition to work in AAI. Tests can be conducted by certified PADA evaluators

Visiting team training: blended learning course. The e-learning part (50 hours) is carried out at the Dutch Open University (in several languages to choose from). Stationary training and exam are carried out in partner countries (Poland, Norway, the Netherlands, Estonia) in the form of an eight-day camp.
